After America: Get Ready for Armageddon Mark Steyn

Mark Steyn's New York Times bestseller, *After America*, is now in paperback! Featuring a new introduction and updated throughout, *After America* takes on Obama's disastrous plan for our nation, and reveals exactly what a post-American world will look like if we don't change our ways soon. Says Steyn: "Nothing is certain but debt and taxes. And then more debt. If the government of the United States had to use GAAP (the 'Generally Accepted Accounting Practices' that your company and the publisher of this book have to use), Uncle Sam would be under an SEC investigation and his nephews and nieces would have taken away the keys and cut up his credit card." Slim as it is, however, Steyn argues there is still hope. "Americans face a choice: you can rediscover the animating principles of the American idea—of limited government, a self-reliant citizenry, and the opportunities to exploit your talents to the fullest—or you can join most of the rest of the western world in terminal decline. This is a battle for the American idea, and it's an epic one, but you can do anything you want to do. So do it." Bitingly funny and wickedly clever, *After America* is Mark Steyn at his best.
