There's more to winning at poker than knowing odds and percentages — and a lot more than just being able to bluff. The path to success, poker-playing pros say, takes discipline, mental strength and a honed approach that better manages bankroll and builds a solid strategy that's far more lucrative than luck. Richard A. Webster talks with professional poker players to get their insights on how you can create your winning game plan. "Poker Careers: Stories & Gambling Tips from People Who've Done" guides you on how to lessen your money-losing risk, resources to develop decision-making insight, and advice on what it took the pros to win, mistakes they made along the way and how they kept their heads in the game even when down on their luck.

About the Author:
