Nietzsche: The Anti-Christ, Ecce Homo, Twilight of the Idols: And Other Writings (Cambridge Texts in the History of Philosophy) Friedrich Nietzsche

Nietzsche's late works are brilliant and uncompromising, and stand as monuments to his lucidity, rigor, and style. This volume combines, for the first time in English, five of these works: The Antichrist, Ecce Homo, Twilight of the Idols, Nietzsche contra Wagner, and The Case of Wagner. Nietzsche takes on some of his greatest adversaries in these works: traditional religion, contemporary culture, and above all, his one-time hero, Richard Wagner. His writing is simultaneously critical and creative, revealing his alternative philosophical vision, which, after more than a hundred years, still retains its audacious originality.
