Introduction to Online Payments Risk Management Ohad Samet

If you've been tasked with building a team to handle risk management for online payments (RMP), this practical introduction provides a framework for choosing the technologies and personnel you need. Author and financial services executive Ohad Samet explains the components of payments risk management, and presents a coherent strategy and operational approach.

You'll learn the answers to questions you're likely to encounter in the first 18 months of operation, with information that Samet has shaped and tested over several years in the industry. This book is ideal whether you intend to be a one-person task force or work with dozens of agents and analysts.

- Use both a portfolio and behavioral approach to analyzing and optimizing losses
- Learn about your customers to determine if they can and will meet obligations
- Build an RMP team for payment risk operations, analytics, and decision automation
- Use linking mechanisms and velocity models to detect unusual activity among your customers
- Design system and data architecture to facilitate your activity analysis
- Implement the decision and loss-reduction mechanisms you need to act on your findings

From reader reviews:

Vivian Bennett:

Have you spare time to get a day? What do you do when you have more or little spare time? That's why, you can choose the suitable activity regarding spend your time. Any person spent their particular spare time to take a stroll, shopping, or went to often the Mall. How about open or perhaps read a book eligible Introduction to Online Payments Risk Management? Maybe it is to get best activity for you. You understand beside you can spend your time with the favorite's book, you can wiser than before. Do you agree with it has the opinion or you have different opinion?

Frank Barcomb:

People live in this new moment of lifestyle always aim to and must have the time or they will get lots of stress from both day to day life and work. So , when we ask do people have free time, we will say absolutely of course. People is human not only a robot. Then we question again, what kind of activity do you have when the spare time coming to a person of course your answer will probably unlimited right. Then do you ever try this one, reading books. It can be your alternative with spending your spare time, the particular book you have read is usually Introduction to Online Payments Risk Management.

Spencer Fuentes:

Are you kind of active person, only have 10 or maybe 15 minute in your time to upgrading your mind expertise or thinking skill actually analytical thinking? Then you are receiving problem with the book compared to can satisfy your limited time to read it because pretty much everything time you only find guide that need more time to be examine. Introduction to Online Payments Risk Management can be your answer since it can be read by a person who have those short extra time problems.

Jason Caldwell:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their passion. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Introduction to Online Payments Risk Management can make you truly feel more interested to read.
