The Operational Art: Developments in the Theories of War

The Operational Art: Developments in the Theories of War

This work considers the modern antecedents and evolution of the operational art in military thought and practice in both peace and wartime. This theme is developed over time and across military cultures. A comparative framework allows the treatment of the overall theme by examining the concept of the operational art in the context of different nationalities, different military organizations, and different societies. This study situates the current operational art in its historical context.
