Oasis: The Truth: My Life as Oasis's Drummer Tony McCarroll

The candid and hilarious tale of the first five years of Oasis, from their founding drummer

Tony McCarroll joined Oasis when they were still a band called The Rain. What started as five young men with a common dream of becoming rock stars eventually disintegrated into in-fighting, ego clashes, and financial disputes, until in 1995, following the release of *Definitely Maybe*, things came to a head and Tony left the band. Here, Tony reveals the truth about the early years before the band was formed. He discusses the drug consumption, the sexual activities, his much-publicized rift with Noel Gallagher, and how he was duped into signing a less-than-favorable record contract. His recollections include stories involving David Beckham, Prince, Eric Cantona, and John McEnroe. Witty, revealing, and fascinating, this book is a must-read for Oasis fans.
