As the world plunges into ever deepening crises, an American artist is drawn to India by a series of dreams. On the plane Anne meets a historian who will introduce her to a radically different picture of humanity's early past. It doesn't take long for her to find herself in a mythical place in the mountains of Rajasthan, where she learns about the lost knowledge of consciousness and time. Throughout her journey we encounter scenes of another age and of the sweeping changes in the spiritual landscape of India. Anne's fate takes a sudden turn after her boyfriend arrives. It is Michael's unlikely exploration that will take us through the leads discovered by Anne, revealing a knowledge that connects the present with an unknown past and the near future. It is the cycle of this ancient land that seems to hold the key to a new phase of the human adventure.
