The John Fante Reader John Fante, Stephen Cooper

It's not every day that a writer, almost unheard of in his lifetime, emerges twenty years after his death as a voice of his generation. But then again, there aren't many writers with such irrepressible genius as John Fante.

The John Fante Reader is the important next step in the reintroduction of this influential author to modern audiences. Combining excerpts from his novels and stories, as well as his never-before-published letters, this collection is the perfect primer on the work of a writer -- underappreciated in his time -- who is finally taking his place in the pantheon of twentieth-century American writers.
