Military, Department of Defense, U.S. Marine Corps

Part of our value-added professional format series of U.S. military manuals, this U.S. Marine Corps manual covers drill and ceremonies.

This volume, part one of two, covers general drill, commands, rifle salute, manual of arms, national and organizational flags, formations, and much more.

One of the cornerstones of Marine Corps customs, courtesies and traditions is our execution of close order drill and ceremonies. These traditions are perpetuated from one generation to the next through constant use and practice. The "esprit de corps" of every Marine has been brought about by their ever-present feeling of pride, not only in their unit, but also in themselves. The preservation of traditional discipline, our customs and courtesies, and the heritage of our Corps is our duty. It is our further duty to see that the same high standard of discipline and esprit de corps is not only preserved, but also further strengthened. These intangibles must be passed on to the future Marines who will take their place among the ranks our Corps.

The object of close order drill is to teach Marines by exercise to obey orders and to do so immediately in the correct way. Close order drill is one foundation of discipline and esprit de corps. Additionally, it is still one of the finest methods for developing confidence and troop leading abilities in our subordinate leaders.

Ceremonial duties are written deep into our history as a Corps. It is no coincidence that among the units famous for ceremonial prowess and spit-and-polish are also to be found some of the world's most redoubtable fighting formations. The hallmark of the world's fighting organizations, the Roman legions, the Spartans, the Foreign Legion, the British Brigade of Guards and many others is that they are as good on parade as they are in the field or in the attack. While we no longer use drill and formations to align the ranks as was done for the phalanxes of Rome or the squares of Waterloo, drill and ceremony is still the foundation of instilling and developing discipline in any size unit and the individual.

As a bonus, this reproduction includes the Marine Corps Manual, the basic publication of the United States Marine Corps issued by the Commandant of the Marine Corps and approved by the Secretary of the Navy - sold separately for \$7.99. It is a regulatory publication for the Department of the Navy as defined in U.S. Navy Regulations. The Marine Corps Manual is designed primarily for use by Marine Corps commanders and their staffs, Navy officers exercising command over Marines, the staff of the Commandant of the Marine Corps, and the staffs of the bureaus and offices of the Navy Department. Contents: Chapter 1 - General Administration And Management * Chapter 2 - Manpower * Chapter 3 - Operations And Readiness * Chapter 4 - Logistics

The manual describes the Marine Corps mission and functions: The Marine Corps shall be organized,

trained, and equipped to: (1) Provide Fleet Marine Forces of combined arms, together with supporting air components, for service with the United States Fleet in the seizure or defense of advanced naval bases and for the conduct of such land operations as may be essential to the prosecution of a naval campaign. (2) Provide detachments and organizations for service on armed vessels of the Navy, and security detachments for the protection of naval property at naval stations and bases. (3) Develop, in coordination with the Army, Navy, and Air Force, the doctrines, tactics, techniques, and equipment employed by landing forces in amphibious operations. The Marine Corps shall have primary interest in the development of those landing force doctrines, tactics, techniques, and equipment which are of common interest to the Army and the Marine Corps.
