Castings Practice: The Ten Rules of Castings John Campbell

Each chapter of Professor Campbell's new book *Castings Practice* will take a look at one of his 10 rules. It is to be expected that the Rules will one day be taken as an outline or blueprint for an international specification on the methods for making reliable castings.

John Campbell has over two decades of experience in the casting industry and is the author of over 40 technical papers and patents. He has become well-known in the foundry industry as the originator of the Cosworth casting process, which is becoming accepted throughout the world as a new production process for the casting of cylinder heads and blocks. He is now Federal Mogul Professor of Casting Technology at the University of Birmingham.

- * Must-follow rules of castings, from one of the world's leading experts
- * Companion volume to the renowned book 'Castings'
- * Accessible and direct, provides essential information for students of metallurgy and foundry professionals alike
