The Oxford Handbook of Regulation (Oxford Handbooks in Business and Management)

Robert Baldwin, Martin Cave, Martin Lodge

The Oxford Handbook of Regulation (Oxford Handbooks in Business and Management) Robert Baldwin, Martin Cave, Martin Lodge

Regulation is often thought of as an activity that restricts behaviour and prevents the occurrence of certain undesirable activities, but the influence of regulation can also be enabling or facilitative, as when a market could potentially be chaotic if uncontrolled. This Handbook provides a clear and authoritative discussion of the major trends and issues in regulation over the last thirty years, together with an outline of prospective developments. It brings together contributions from leading scholars from a range of disciplines and countries.

Each chapter offers a broad overview of key current issues and provides an analysis of different perspectives on those issues. Experiences in different jurisdictions and insights from various disciplines are drawn upon, and particular attention is paid to the challenges that are encountered when specific approaches are applied in practice. Contributors develop their own distinctive arguments relating to the central issues in regulation and apply scholarly rigour and clear writing to matters of high policy-relevance. The essays are original, accessible, and agenda-setting, and the Handbook will be essential reading both to students and researchers and to with regulatory and regulated professionals.
