Dragon Weather (Obsidian Chronicles) Lawrence Watt-Evans

Arlian had never left his home village in the Obsidian Mountains. The green hills, white peaks, and black glass were all he had ever known of life, and though he dreamed of travel and adventure, he knew deep in his heart that he would probably never leave.

Until the dragon weather came. Incredible heat, oppressive humidity, dark and angry clouds . . . and dragons. Dragons with no feelings, no empathy, no use for humans; dragons who destroyed his entire village and everyone in it. Everyone, that is, except Arlian.

Orphaned and alone, Arlian the child is captured by looters and sold as a mining slave. Seven years later Arlian the man escapes, fueled by years of hatred for the dragons, bandits, and slavers that took his youth away--and a personal vow to exact retribution from those who have wronged him.

As Arlian makes his way through life, he is obsessed with the concept of justice, and that obsession informs every task, every decision. Even Black, the man he befriends and grows to love as a brother, has little influence against Arlian's obsession. His entire life has one purpose, and one purpose only: to mete out justice.

But can one righteous man change the entire world for the better? Or is he doomed by his own actions to become as unjust as those he seeks to destroy?

From reader reviews:

Joel Faulkner:

Why don't make it to be your habit? Right now, try to ready your time to do the important behave, like looking for your favorite guide and reading a book. Beside you can solve your short lived problem; you can add your knowledge by the guide entitled Dragon Weather (Obsidian Chronicles). Try to make the book Dragon Weather (Obsidian Chronicles) as your buddy. It means that it can to get your friend when you sense alone and beside that of course make you smarter than previously. Yeah, it is very fortunate for you. The book makes you far more confidence because you can know anything by the book. So , let me make new experience along with knowledge with this book.

Linda Matthews:

The book Dragon Weather (Obsidian Chronicles) make one feel enjoy for your spare time. You can use to make your capable a lot more increase. Book can for being your best friend when you getting tension or having big problem with the subject. If you can make reading a book Dragon Weather (Obsidian Chronicles) to be your habit, you can get considerably more advantages, like add your current capable, increase your knowledge about some or all subjects. It is possible to know everything if you like open and read a reserve Dragon Weather (Obsidian Chronicles). Kinds of book are several. It means that, science publication or encyclopedia or some others. So , how do you think about this publication?

Paul Kennedy:

This Dragon Weather (Obsidian Chronicles) is great e-book for you because the content which can be full of information for you who always deal with world and possess to make decision every minute. That book reveal it facts accurately using great coordinate word or we can declare no rambling sentences in it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tricky core information with wonderful delivering sentences. Having Dragon Weather (Obsidian Chronicles) in your hand like finding the world in your arm, details in it is not ridiculous one. We can say that no book that offer you world within ten or fifteen tiny right but this e-book already do that. So , it is good reading book. Hey Mr. and Mrs. busy do you still doubt that will?

Willis Harrington:

Many people spending their time period by playing outside using friends, fun activity having family or just watching TV the entire day. You can have new activity to shell out your whole day by examining a book. Ugh, do you think reading a book really can hard because you have to use the book everywhere? It okay you can have the e-book, having everywhere you want in your Mobile phone. Like Dragon Weather (Obsidian Chronicles) which is having the e-book version. So , why not try out this book? Let's observe.
