Developing Focus Group Research: Politics, Theory and Practice

Developing Focus Group Research: Politics, Theory and Practice

This book critically examines the potential of, and suggests ways forward in, harnessing a versatile and powerful method of research - focus groups. The book challenges some of the emerging orthodoxies and presents accessible, insightful and reflective discussions about the issues around focus group work.

The contributors, an impressive group of experienced researchers from a range of disciplines and traditions, discuss different ways of designing, conducting and analyzing focus group research. They examine sampling strategies; the implications of combining focus groups with other methods; accessing views of 'minority' groups; their contribution to participatory or feminist research; use of software packages; discourse anal

Alexander Goodman:

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Developing Focus Group Research: Politics, Theory and Practice can make you sense more
