General Chemistry

Donald A. McQuarrie, Peter A Rock, Ethan B Gallogly

General Chemistry Donald A. McQuarrie, Peter A Rock, Ethan B Gallogly

This new fourth edition of General Chemistry takes an atoms-first approach from beginning to end. In the tradition of McQuarrie's many previous works, it promises to be another ground-breaking text. This superb new textbook combines the clear writing and wonderful problems that have made McQuarrie famous among chemistry professors and students worldwide. Presented in an elegant design with all-new illustrations, it is available in a soft-cover edition to offer professors a fresh choice at an outstanding value.

Student supplements include an online series of descriptive chemistry Interchapters, a Students Solutions Manual, and an optional state-of-the-art Online Homework program. For adopting professors, an Instructor's Manual and a CD of the art are also available.

NOT AVAILABLE IN NORTH AMERICA AND CANADA

"McQuarrie is a genius."

Harry Gray, Caltech

"Atoms First seems to be the flavor of the year in chemistry textbooks, but many of them seem to be little more than rearrangement of the chapters. It takes a master like McQuarrie to go back to the drawing board and create a logical development from smallest to largest that makes sense to students."

Hal Harris, University of Missouri-St Louis

"McQuarrie's book is extremely well-written, the order of topics is logical, and it does a great job with both introductory material and more advanced concepts. Students of all skill levels will be able to learn from this book."

Mark Kearley, Florida State University

From reader reviews:

Jordan Sampson:

Nowadays reading books become more than want or need but also get a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want send more knowledge just go with education books but if you want truly feel happy read one along with theme for entertaining for example comic or novel. The General Chemistry is kind of e-book which is giving the reader unstable experience.

Linda Long:

The book General Chemistry has a lot of knowledge on it. So when you check out this book you can get a lot of benefit. The book was compiled by the very famous author. Tom makes some research ahead of write this book. This book very easy to read you can get the point easily after reading this book.

Janice Delarosa:

Beside that General Chemistry in your phone, it might give you a way to get more close to the new knowledge or data. The information and the knowledge you will got here is fresh through the oven so don't always be worry if you feel like an aged people live in narrow village. It is good thing to have General Chemistry because this book offers to your account readable information. Do you at times have book but you do not get what it's about. Oh come on, that will not happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, like treasuring beautiful island. So do you still want to miss the item? Find this book and also read it from today!

Tammy Dorris:

In this particular era which is the greater individual or who has ability in doing something more are more valuable than other. Do you want to become among it? It is just simple strategy to have that. What you must do is just spending your time little but quite enough to experience a look at some books. One of several books in the top record in your reading list is actually General Chemistry. This book which can be qualified as The Hungry Slopes can get you closer in becoming precious person. By looking upwards and review this guide you can get many advantages.
