Pro Office 2007 Development with VSTO Ty Anderson

Experienced author **Ty Anderson** cuts to the chase in explaining how professional Microsoft Office 2007 solution developers get the job done. Ty is a professional Microsoft application developer working each and every day with the Visual Studio Tools for Office (VSTO) technology, and his real-world experience will teach you exactly what you need to know to excel in your professional development career.

Pro Office 2007 Development with VSTO takes you far beyond traditional Visual Basic for Applications (VBA) programming, showing you how to transform Microsoft Office 2007 into a complete enterprise application development platform. By the end of the book, you will be creating your own powerful, customized Office business applications (OBAs), using the techniques Ty has taught you throughout. The author demonstrates how to leverage all aspects of the Microsoft Office application platform (covering Word, Excel, Outlook, PowerPoint, Visio, and InfoPath) so you can create OBAs that increase information worker productivity, unlock business data stored in documents, reduce end-user training costs, increase developer productivity, and reduce IT operations costs.

This book takes you beyond the basics of VSTO with expert topics such as automation with the Office application object models and includes detailed examples throughout.

What you'll learn

- Understand and leverage Microsoft Office application object models.
- Build Microsoft Office application-level add-ins.
- Create and publish document-level add-ins.
- Integrate external data into Office applications and documents.
- Integrate SharePoint data with Office.
- Build workflows.
- Perform deployments of your solutions and manage delivery of updates.

Who this book is for

This book is for professional Microsoft Office application developers (and those aspiring to be so) who are interested in creating enterprise applications on the solid base of Microsoft Office 2007. The complexity of the examples assumes an intermediate-to-advanced level of experience with Microsoft .NET. Proficient VBA developers wishing to take their skills to the next level will also benefit by this book.

From reader reviews:

John Carter:

Do you one among people who can't read enjoyable if the sentence chained inside straightway, hold on guys this particular aren't like that. This Pro Office 2007 Development with VSTO book is readable simply by you who hate those perfect word style. You will find the info here are arrange for enjoyable reading through experience without leaving perhaps decrease the knowledge that want to offer to you. The writer associated with Pro Office 2007 Development with VSTO content conveys the thought easily to understand by most people. The printed and e-book are not different in the information but it just different by means of it. So , do you nonetheless thinking Pro Office 2007 Development with VSTO is not loveable to be your top checklist reading book?

Margie Sutton:

Typically the book Pro Office 2007 Development with VSTO has a lot details on it. So when you read this book you can get a lot of advantage. The book was published by the very famous author. This articles author makes some research previous to write this book. This book very easy to read you may get the point easily after reading this article book.

Lane James:

Playing with family in a very park, coming to see the ocean world or hanging out with close friends is thing that usually you will have done when you have spare time, then why you don't try matter that really opposite from that. Just one activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Pro Office 2007 Development with VSTO, you can enjoy both. It is very good combination right, you still need to miss it? What kind of hang type is it? Oh occur its mind hangout men. What? Still don't have it, oh come on its known as reading friends.

Millard Espinoza:

Your reading 6th sense will not betray a person, why because this Pro Office 2007 Development with VSTO reserve written by well-known writer whose to say well how to make book which can be understand by anyone who else read the book. Written in good manner for you, leaking every ideas and producing skill only for eliminate your hunger then you still doubt Pro Office 2007 Development with VSTO as good book not just by the cover but also with the content. This is one publication that can break don't assess book by its cover, so do you still needing a different sixth sense to pick this kind of!? Oh come on your studying sixth sense already said so why you have to listening to a different sixth sense.
