Songdogs: A Novel Colum McCann

With unreliable memories and scraps of photographs as his only clues, Conor Lyons follows in the tracks of his father, a rootless photographer, as he moved from war-torn Spain, to the barren plains of Mexico, where he met and married Conor's mother, to the American West, and finally back to Ireland, where the marriage and the story reach their heartrending climax. As the narratives of Conor's quest and his parents' lives twine and untwine, Colum McCann creates in *Songdogs* a mesmerizing evocation of the gulf between memory and imagination, love and loss, past and present.
