The conflicts in the Middle East grow more confusing and dangerous every day.

In my encounters with thousands of people from across the world - from global leaders to high school students - I know there is deep and intense thirst for knowledge because today **understanding the Middle East is not optional** – it's mandatory.

My new book, *Inside the Middle East: Making Sense of the Most Dangerous and Complicated Region on Earth* is based on my decades of **advisory, counterterrorism, education, and intelligence** – positions - as well as my intimate connections throughout the **Arab world**.

The book also provides the **building blocks and database** to understand the contemporary Middle East, offers a **unique insight** into the Arab world, and is “**a GPS to help you navigate the dramatically changing Middle East.**”

In the book, I also offer an **out of the box idea that could lead to a positive breakthrough in the Israeli-Palestinian conflict**.
