**Intimate Relationships: Issues, Theories, and Research, Second Edition** Ralph Erber, Maureen Wang Erber

*Intimate Relationships* covers both classic and current material in a concise yet thorough and rigorous manner. Chapters range from attraction to love, attachment to jealousy, conflict to relationship dissolution ? all written in a warm, personal, and engaging voice.

Each chapter is organized around the major issues and relevant theories, in addition to a critical evaluation about the research. When appropriate, the authors discuss and evaluate popular ideas about relationship processes in the context of scientific research. This includes critical evaluations of evolutionary approaches to attraction, victim-based accounts of abuse, and the separate-cultures view of the sexes.
