"If you search for the Goetia, you will find that many books have attempted to interpret the original work by merely providing their own versions of it. In so doing, these versions take readers away from Crowley's original edition. We decided to stay true to the original version of the book. By simplifying the text and redelivering the Goetia with a new design, detailed graphics and additional information concerning the 72 demons, processes, ceremonies and names of the Goetia, we have amplified the original text without altering it. Based on extensive research, our edition provides the reader with exact English pronunciations of the original Hebrew names. Amateurs and professionals alike may enjoy this elaborate version of the original Goetia." - Abraham Atias
