Sean Morrison, one of six siblings and the top college baseball player in the country, is reeling from a heartbreakingly painful loss. Nothing seems to matter anymore...until the night Serena Britten unexpectedly ends up in his arms.

Serena is a world-famous model who has only ever wanted to be normal, even though her mother has always pushed her to become a superstar. Though it isn't easy to try to leave everyone and everything she knows behind, Serena is determined to enroll in college. More than anything, she wants to turn her love for books into a new career that she actually loves. Only, she never expected to meet someone like Sean on campus--or to be instantly consumed by their incredible chemistry and connection.

But when the pressures of her high-profile modeling career only get bigger and more demanding, will it make living a normal life as a college student--and falling in love with the hottest guy on campus--impossible?

Note for Sullivan fans: Serena made an appearance in *Just To Be With You* (Ian's story) and Smith Sullivan from *Come A Little Bit Closer* makes an appearance in **KISS ME LIKE THIS**, too!

KISS ME LIKE THIS is a full-length, standalone emotional and sexy New Adult contemporary romance novel of 400+ pages/90,000 words and is intended for readers 18+.

Serena was tall enough that his mouth was right in front of hers when she tilted up her face to look at him. She could feel her breath coming faster, and his heartbeat picking up against her hand where it rested over his chest.

“Maybe,” Sean's gaze dropped from her eyes to her mouth, “you should kiss me.”

Serena surprised them both by not hesitating at all before softly pressing her lips against his. Heat instantly enveloped her, both from his hands tightening on her waist and the sparks that crackled from just one sweet kiss.

“Again.”

His request was deep and hungry. And it was her own hunger for him--and pure feminine instinct--that sent

her hands up from his chest to twine around his neck. Her mouth had barely touched his again when his lips came crashing down onto hers.

His groan, her gasp, they were both one hundred percent pleasure at a kiss that was at once rough yet sweet, possessive yet gentle. And when he moved one hand from her waist to cradle her cheek, she felt warm and cherished as he slowly angled her jaw so that he could take the kiss deeper. His tongue slicked out across her lower lip, leaving a sensual path of fire in its wake. One that could only be quenched by another taste, and then when that wasn't enough, the slow slide of his tongue against hers.

She felt hot, desperate, achy. Wanted.

But, overwhelmed by it all--the heat and desire and confusion--she abruptly pulled away.

"Serena?" She was surprised to see that he looked as overwhelmed as she did. "Are you okay?"

She put her hand over her racing heart as if to try to slow it. "Every time you kiss me, I..."

She loved words, and hoped to make a career out of them, but right then she couldn't find any of the right ones to explain what his kisses did to her. Not when she was only just beginning to understand what a truly powerful force desire could be.

But he didn't seem to need her to finish her sentence as he said, "I know. When you kiss me, it's like that for me, too."
