An Echo in the Bone: A Novel Diana Gabaldon

Diana Gabaldon's immensely popular Outlander saga soars to new heights with this seventh novel, which takes listeners on a breathtaking journey to 1777 America.

Jamie Fraser knows from his time-traveling wife Claire that, no matter how unlikely it seems, America will win the Revolutionary War. But that truth offers little solace, since Jamie realizes he might find himself pointing a weapon directly at his own son - a young officer in the British army.

And Jamie isn't the only one with a tormented soul - for Claire may know who wins the conflict, but she certainly doesn't know whether or not her beloved Jamie survives.

Epic in scope and featuring a colorful cast that includes many legendary figures - including hero-turned-traitor Benedict Arnold and bawdy statesman Benjamin Franklin - *An Echo in the Bone* is a thrill from start to finish.
