This source book attempts to fill a gap in the business book market by pulling together an immense array of facts, formulas, statistics and sources of information. By defining concepts and then presenting them in business scenarios, the book gives readers the chance to see them in action. The text begins with an A-to-Z reference of essential business topics, covering basic accounting, economics, finance, international business, management, marketing, manufacturing and strategy. The second section is a directory of business information on more than 50 different topics, including demographics, employee benefits, corporate financial performance and international business. This edition gives information on on-line resources and the internet.
